

1

The New StoryBoard Locations website has almost any kind of location or backdrop you could ask for!

2

The website it easy to use, and you can simply search, select and import right into your copy of StoryBoard Quick, StoryBoard Quick STUDIO or StoryBoard Artist.

3

The locations are optimized for storyboarding as they are shot with the visual eye of a Location Scout...

4

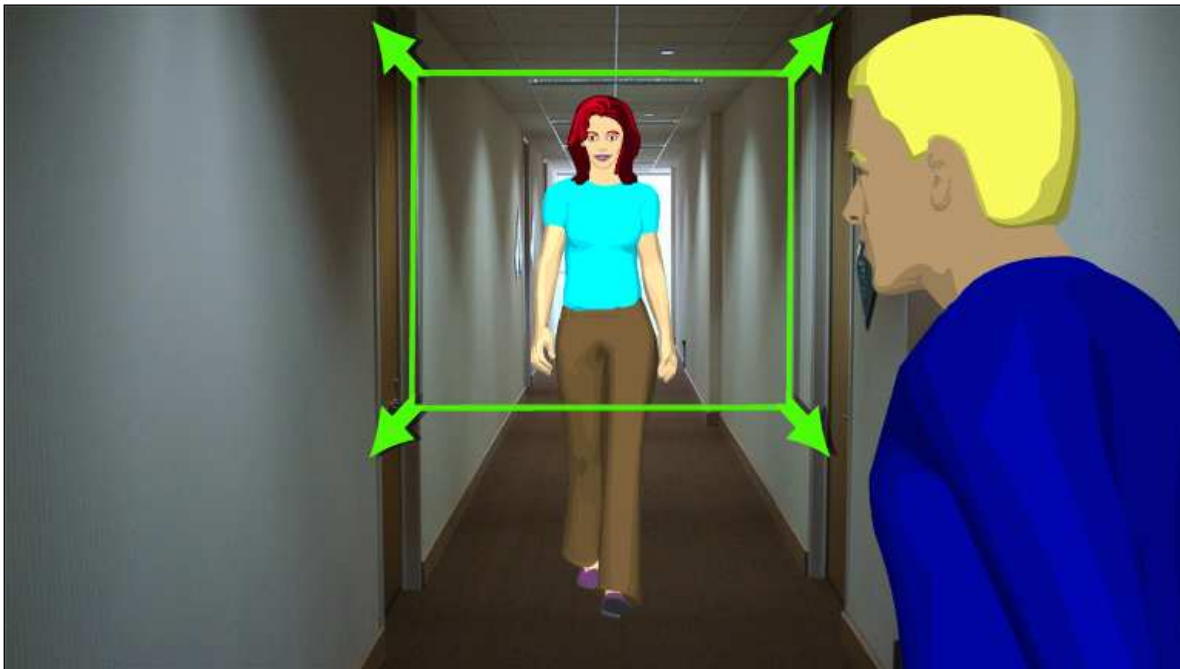

... so that you can add your own characters and props to compose the shot YOU need.

5

Interiors and Exteriors of both generic and specific locations allow you to present a wide variety of options when brainstorming a sequence or pitching an advertisement.

6

You can grab locations one-by-one or save big time when you purchase coupons and buy multiples at the same time.

7

The new StoryBoard Locations website is a great, low-cost way to boost your stable of locations and they look great...

8

...in both photo mode and SKETCH mode so no matter how you work the StoryBoard Locations website can get you to where you want to go. Enjoy!
